These are the rules, which must be followed ***TO THE LETTER*** in order to submit your grant application... any violation of these rules will result in ***DISQUALIFICATION***.

1.

Fill in the grant application. Afterwards, save it as a standard MS Word document, as this will be your original copy. Make ONE copy for inclusion in your proposal package.

3.

NO PHONE CALLS OR EMAILS! The documentation in this package is more than enough to help you submit your application, there is no need to call or write. Calls and emails will be an automatic **DISQUALIFICATION**.

4.

NO GIFTS OR BRIBES! These also, will result in **DISQUALIFICATION**.

5.

Once your proposal is approved or denied, you will be contacted by mail, with an email backup, so be sure you put your proper contact information in the application.

6.

Your approval, or denial will be based solely on your application's merits, and the decision of our board of directors, as to if you are capable of using the funding in the manner that you are suggesting its use for. This can include variables from your credit and legal histories.
